

Full name: **NGUYEN THANH GIAO**

Staff code: 8770

Position: Research Assistant

Office telephone: 710-730 448

Cell phone: 0919-063 189

Email: ntgiao@ctu.edu.vn

Education degrees:

- Bachelor of Environment (CanTho University, 2005)

Training certificates:

1. Biological indicators for water pollution and assessing pollution loads from high-polluting aquaculture systems & define measures to reduce pollution levels by economic and technical incentives on 11th November 2005. Organized by center, SUMA and CAULES. Cantho University, Vietnam.
2. Water chemistry analysis and the use of quality control in 3rd-9th March 2006. Organized by CAULES. Cantho University, Vietnam.
3. Microbiology practice in September 2006. Organized by CAULES. Cantho University, Vietnam.
4. Methods of soil chemistry analysis in 17th July - 6th September 2006. Organized by CAULES Cantho University, Vietnam.
5. Advanced laboratory training in quality control, and Analysis of elements in soils, plants and waters on September to December 2007. Organized by CAULES in Aarhus University, Denmark.
6. International workshop on otter conservation on 07 – 14 May 2008. Organized by IUCN and Cuc Phuong National Park in Can Tho, Viet Nam.

Experience:

- Laboratory technician
- Research assistant
- Theory and practice on water analysis.
- Theory and practice on soil analysis
- Public Relationship Contact.
- Managing and teaching in lab
- Data collecting on environmental condition. Soil and water sampling and analysis.
- Report writing.

Scientific papers published:

- Giao NT, Nga BT. Assessment of Surface Water Quality Around Tra Noc Industrial Zone, Can Tho City. Thesis Code: T2007-42.
- Giao NT, Bac TC, Minh NV. The effect of common herbicide (SOFIT 300EC) on phytoplankton in laboratory condition. Thesis code: T2006-07.
- Giao NT, Nga BT, Phuong CT. Domestic water quality in Hamlet 4, Vi Binh Village, Vi Thuy Distric, Hau Giang Province. Journal of Cantho University –special volume, part 1, 227-233, 2006.
